## **Laketrails Grant Opportunities**

Laketrails is excited to announce two grants that are available for the 2009 camp season. These grants are available for the following sessions:

Session 4 – Middle School – July 13 – July 22

Session 5 – Open Enrollment – July 24-August 1

Session 6 – Open Enrollment – August 2 -10

### **Military Grant**

This grant is for youth that have a parent serving in Iraq, Afghanistan or Kosovo. The grant can also be applied to those families who have had a parent recently return or are scheduled for deployment. Our goal is to recognize the sacrifice that these children have made and provide them with positive memories of their childhood. This grant covers all but a \$50 of the camp fee.

### **Partners Grant**

This goal of this grant is to partner with other youth serving organizations to provide children with the opportunity to attend camp. This grant covers \$360 of the total camp fee and the partnering organization covers the remaining \$350. Some examples of organizations that have utilized this grant in the past include: County Social Services, Juvenile Probation/Corrections officers, Boys and Girls Clubs, foster care programs and Native American youth programs.

If you are interested in learning more about these grant opportunities, please contact Laketrails.
